TOTI DONALD OVER MANHAN

Toti Donald Over Manhan, age 51 of Waialua passed away peacefully with his wife by his side on December 27, 2018. He was born on September 14, 1967 to Terry Roger and Sandra Puanani Manhan in Honolulu, Hawaii. Toti was preceded in death by his father Terry Roger Over Manhan, second father H. William Burgess and brother H. William Burgess Jr.

He is survived by his wife Tracy Richards Manhan, his mother Sandra Puanani Burgess, his son Tyler Pomaika'i Kamahao Davis, two grandchildren; Elijah Christopher Merritt and Kyana Kauanani o'Kohala Davis; his siblings, Liza Frampton, Becky McCubbin, Timothy Burgess and numerous aunts, uncles, cousins, nephews and nieces.

Toti was a gifted athlete. At a young age he played baseball with PAL starting out as the catcher and ending as the pitcher. He was so strong and coordinated, he could hit the ball far enough usually ensuring a home run. During batting practice, his favorite trick was to hit the ball far down the field and then sit down to rest while someone else retrieved the ball.

During middle school at Mid Pacific Institute Toti was the team captain on the water polo team. Everyone expected Toti would get a college scholarship playing a sport, however his impatience to be on his own took him down a different path. Toti's entrepreneurial spirit began early; at the age of 12 he'd sneak out of the house at night and ride his bike down to Waikiki where he would rent a pedicab and peddle customers up and down Kalakaua Avenue to make some money.

Toti met his true love Tracy Richards in 1992 on Kauai. They were together that terrifying night on 9/11/92 when Hurricane Iniki devastated much of Kauai. Back in Honolulu they married on December 30, 1994. It was a great marriage and they did everything together. Toti loved to cook and sometimes dreamed of opening up his own restaurant. The reason? He loved making people happy with a meal he had prepared himself. And he loved to eat! Helping others achieve their goals and find their own happiness brought Toti so much joy. And he always knew instinctively how to help.

His genuine love and concern for other's and his tremendous work ethic catapulted the company he created, Island Realty Group into the success that it became. Those he

worked with became family. Clients became family and life long friends. All shared in life's ups and downs, hardship and successes, births, deaths and illness together as a family. This loving family supported Toti and Tracy during their 5 year battle with cancer. Thank you.

As we celebrate Toti we ask that some day soon you extend a kindness to another person in memory of his life. Make someone smile because Toti lived.

Toti would love that.

“ If there is one man in this world that I can honestly say that I loved as a brother that I wasn't related to, it was Toti. I was first introduced to Toti as T and I called him that ever since. T was a very giving, selfless person. What I personally loved about him was his blunt honesty and his great attitude towards life. A very smart individual and great with people, I learned a lot from T. When I found out he had cancer 5 years ago, I was in shock and didn't want to believe it. He had just spent the last couple of years getting in shape prior to his diagnosis. He looked great! Healthy! He definitely had an aura about him. Whenever he would walk in the room I was like a puppy dog glad to see his master. Kind of weird to say but that's how much I looked up to him. I always wanted to be the best I could be to live up to his friendship and his company and make him proud of me. He would compliment me out of the blue sometimes, especially about my paperwork and how thorough I was as an agent. When I messed up, not that often, he would take it in stride and say 'don't worry about it'. We didn't have very many office meetings but the first one we had back in 2011 or 2012, he said something that stuck with me. Be a giving person, not a taker. When he said the word giving he held out his arms wide open and when he said the word taker he crossed his arms against his chest. He said, that givers will always receive back in one form or another. We do rentals and as much as owners don't allow Section 8 families (housing vouchers for low income families), T loved Section 8 families and would convince owner's that it was safe and he never had any issues with Section 8. I know T did that for the families he could help. Always rooting for the less fortunate.

A very special man indeed!! I didn't have the day to day interaction with T but anytime we would see each other we'd pick up right where we left off. I have countless other stories about T, all great memories. We went to Vegas, we went to the Santana Concert, the company Christmas parties were always a blast, I video taped one of the Christmas parties and put it on CD and made copies for everyone in our company. So we all have T on video at his best, just being T, the man, the legend, my brother.

I miss you T. You'll always have a very special place in my heart! May you rest in peace.
